

Section 48/50 School Inspectors

We understand that as an inspector, you face a whole host of challenges and we believe that arranging cost competitive insurance cover on the widest basis possible should not be a difficult or a long drawn out affair.

For over 10 years, D E Ford Insurance Brokers has provided specialist insurance advice and solutions for countless Section 48/50 inspectors who are involved in the statutory inspection of faith schools throughout the United Kingdom.

Cover

The following cover is automatically included under the scheme:

Public Liability

Indemnity against legal liability for damage or injury to pupils, teachers and other third parties. Damage to school property arising out of the course of inspectors activities.

Subject to a limit of indemnity of £5,000,000 any one claim and a £250 excess.

Professional Indemnity

Indemnity against legal liability incurred following professional negligent acts or omissions of the inspector, which may led to a financial loss by the school.

Subject to a limit of indemnity of £1,000,000 any one claim and a £500 excess.

The cover itself is arranged in the name of the individual school inspector to protect against any claims brought against themselves and not the organisation they may be working for or representing.

The scheme has a common renewal date of 1st March each year and inspectors are able to join at any point during the year.

Premiums

Cover for section 48/50 inspections only starts at £100.00 plus insurance premium tax.

Ofsted/Estyn Section 5 Inspectors/Educational Consultants

In addition to the assistance we have provided for Section 48/50 inspectors we are also able to provide bespoke solutions for inspectors or consultants doing more than Section 48/50 inspections.

Again, we look to provide protection for the professional advice and services you provide along with damage to school property or unintentional injury caused. Policies can be tailored to the individual's needs.
